CARMEL LIBRARY

Economic pressure has placed The Carmelite in a position where its continued existence is in the balance. The present issue represents an emergency measure merely to preserve continuity of publication; unless a solution is immediately forthcoming, suspension appears to be inevitable.

The Carmelite was brought into existence in response to what was felt to be a definite need for a second newspaper in Carmel. The measure in which that need has been filled is a matter of opinion: there has been praise and, inevitably, there has been criticism. But entirely apart from The Carmelite's accomplishments or shortcomings, there have been numerous expressions of a genuine desire for a second paper.

It is recognized that to enable The Carmelite to continue, drastic measures will be necessary, involving a change in editorship and a revision of general policies. A plan for complete reorganization has been formulated and will be submitted at a meeting to be held tomorrow (Thursday) evening, at eight o'clock, in the courtyard shop (formerly Otar's), Seven Arts Building.

The wishes of the community as expressed at this meeting will decide the future of The Carmelite.

AND CONDUITS IN SO MANY AND IN
SUCH PARTS OF THE PUBLIC HIGH-
WAYS, STREETS AND ALLEYS OF SAID

GRANTEE MAY ELECT TO USE FOR
THE PURPOSE AFORESAID.

THE CITY COUNCIL (heretofore known
as Board of Trustees) OF THE CITY OF
CARMEL-BY-THE-SEA DO ORDAIN AS
FOLLOWS:

Section 1. The right, privilege and fran-
chise of laying, maintaining and using, for the
purpose of conveying, distributing and sup-
plying gas to the public and particularly to the
inhabitants of said City of Carmel-by-the-Sea
for light, heat, power and all lawful purposes,
gas pipes, mains and conduits in so many and
in such parts, (except as hereinafter provided),
of the public highways, streets and alleys of
said City of Carmel-by-the-Sea as the grantee
may elect to use for the purpose aforesaid,
are hereby granted by the City of Carmel-by-
the-Sea for the term of fifty (50) years from
and after the time when this ordinance shall
take effect, to Pacific Gas and Electric Company,
a California corporation, its successors and as-
signs.

Section 2. All gas pipes, mains and other
conduits which shall be laid and used under
and pursuant to the provisions of this ordinance
and in the exercise of the right, privilege and
franchise herein granted shall be of iron, or
other suitable material, and shall be of such
dimensions as the owner for the time being
of said right, privilege and franchise shall de-
termine. All such gas pipes, mains and conduits
shall be laid in a good and workmanlike man-
ner and at least eighteen (18) inches below
the surface of said highways, streets and alleys
under the direction of the Superintendent of
Streets of the City of Carmel-by-the-Sea or

pliance with all valid ordinances and regulations
which are now or hereinafter shall be enacted
and prescribed by said city under its police
power.

Provided, however, that the grantee shall
not use any portion of any street, lane, alley,

installation or maintenance of gas pipes, mains
or conduits in such manner as to injure or de-

trov any tree or tree shrub therein, except after a permit in writing first obtained for such purpose from the Marshal of said city, or other officer having charge thereof;

Provided further that in the event of any such officer refusing to issue any such permit when applied for by the grantee, the grantee may appeal from the determination of such officer by filing such appeal in writing with the City Clerk of said city, addressed to the council thereof, and such appeal shall be heard at the next ensuing regular meeting of said council, and the determination of the council of said city thereupon after such hearing shall be final and conclusive, and binding on all parties interested.

Section 3. The owner for the time being of said right, privilege and franchise shall, immediately upon laying, replacing, or repairing said gas pipes, mains and other conduits, or any part thereof, at its own cost and expense place said highways, streets and alleys, or so much thereof as may have been damaged thereby, in as good order and condition as that in which they were before being disturbed or excavated for the purpose of laying, replacing or repairing said pipes and other conduits.

Section 4. The owner for the time being of said right, privilege and franchise shall have the right to maintain, repair and replace any or all of such gas pipes, mains and other conduits from time to time as may be necessary or proper.

Section 5. AN EXHIBIT OF PAINTINGS

The exhibition of the work of R. Bruce Inverarity, the Seattle artist and author, now showing at the Weston Studio Gallery, will prove interesting to many.

Paintings modernistic to a marked degree, and again pastels of a simple beauty to please the anti-modernists—wood-blocks, mono-types, drawings, photo-points. This

versatile artist seems to be unlimited in his choice and use of mediums.

This artist is fundamentally a nature lover, a wanderer and a vagabond. He is in the habit of spending weeks in the wilderness of the Northwest country, studying the Indians, their customs, their folk-lore, and music, writing and painting his impressions. In this way material is derived first hand from a source little used by the more conventional artist.

Inverarity in teaching is chiefly interested in the guidance of children. His understanding of the methods and psychology of Prof. Cizek of Vienna has made him very successful in this work, which he really considers his vocation.

Recently coming from Seattle, he has shown over the Pacific Coast. The most recent exhibition of his work has been at the Blanding Sloan Workshop Gallery in San Francisco. —D. W.

4^c worth of electricity cooks the dinner for 4 people

About 1c per person, less than the price of the coffee itself—that's the AVERAGE cost of cooking a family's meal with an electric range. Perhaps you never believed it to be so economical.

What is the monthly cost?

A survey among our customers' accounts shows that the AVERAGE sum paid by our customers for cooking electrically, including lighting and small appliances, is but \$5.76 per month! An amazingly low price for modern comfort, cleanliness and perfect baking.

Come in to our office or a dealer's store and see these modern electric ranges that are so reasonable to operate.
